Monographs

Books on Oriental medicine might be found in all of our book collections but especially in the general circulating collection, in the reserve collection (textbooks recommended and/or required by instructor) and in our Special Collections area (classic titles; in-library use only).

Please remember that although there are specific areas where most books on a subject will be located, some books will be located in other subject areas. Here are some examples:

- Information on **Chinese medicines and herbs** might be located in the **QV (QV 717, QV 766-QV 767, QV 770)** with other titles on **pharmacology** and in **WB 925 (Herbalism)**.
- Books on **veterinary acupuncture** will be found around **SF 914.5**.
- **Practice of Medicine (WB)** might contain some **acupuncture**, including **Outlines (WB 18)**, **Handbooks (WB 39)** and **Atlases (WB 17)** but especially **Medical Practice (WB 50-50.1)** which includes many titles on **use of traditional and Oriental medicine**. Also consider specific aspects, such as palpatory **diagnosis (WB 275)** or **diet therapy (WB 400)**.
- Books on **History of Medicine** will be found with other **History of Medicine** books (but especially specific groups, such as Asian, might be found in **WZ 70 or WZ 80.5** and **modern editions of early works** might be found in **WZ 290**).

You might wish to use the library's online catalog to locate other specialized subject areas (e.g., **QU 105** for body fluids in TCM, **WE 344** for **Arthritis** for titles such as *Qigong for Arthritis*, **WP 140** for acupuncture in gynecology, **WQ 160** for acupuncture in midwifery or **WQ 175** for acupuncture in prenatal care)

Books on Oriental medicine and acupuncture are usually found in the following areas of the collections:

WB 369 (Acupuncture. Moxibustion)

WB 371 (Cupping)

WB 537 (Acupressure, Massage)

One final note: books on **basic sciences** aspects are found in subject areas represented by the letter **Q** (e.g., **Physiology**, **Biochemistry** and **Pharmacology** in the listings above), while books on **clinical sciences** aspects are located in subject areas represented by the letter **W** (e.g., **Practice of Medicine** in the listings above).
